

Name of the design: CONTAINED CHAOS

The design successfully balanced these two conflicting elements. By trapping a fierce, chaotic energy inside a hyper disciplined frame, **CONTAINED CHAOS** was born a wearable summary of a tempest barely held together by a thread.

Name of the design: CLOUD

CLOUD bridges the gap between the grounded and the ethereal. By trapping soft, drifting cumulus shapes inside heavy street silhouettes and sharp gold linework, the design offers a sense of calm sophistication a way to carry the sky with you, entirely under your own terms.

3:40 pm

SAVED

The vision behind SAVED was to take the high-energy, competitive canvas of a jersey and transform it into a deeply personal statement of redemption, tracking a journey from being a target to finding grace.

@ODAFE2026

OJÚ PỌN

The concept behind OJÚ PỌN was born from a place of intense focus and survival. It takes a profound cultural expression for hardship, grit, and fierce determination, and translates it into an undeniable visual signature.

3:40 pm

ODAFE V66

The concept behind ODAFE V66 was to capture the high octane energy of vintage motorsport culture and channel it into a structured, forward-moving silhouette. The "V" stands for Vortex a powerful spiraling force that pulls everything into its center.

3:40 pm

ODAFE: EKO SUPER EAGLE

The vision behind this piece was to capture the electric energy of Lagos culture and fuse it with the undeniable pride of Nigerian football, creating a high performance streetwear statement.

ODAFE: NIGERIA 01 POLO

The vision behind this piece was to take the sophisticated, structured blueprint of a classic polo and subvert it with a heavy, electric energy reimagining national pride through a bold, alternative lens.

Front

SACRED TRIBAL

The concept behind this piece was to fuse traditional knitwear textures with aggressive, gothic iconography, breathing a raw, alternative edge into a classic summer silhouette.
